Dr Danny Joffe graduated from the Western College of Veterinary Medicine in Saskatoon Saskatchewan (with Great Distinction) in 1985. He completed a small animal medicine and surgery internship at Cornell University in 1985-86, and then entered private practice. He was a founding partner in a multi-specialist referral and emergency clinic (Calgary Animal Referral and Emergency Centre—C.A.R.E. Centre) in 2006, and is currently the Medical Director at this 22-doctor facility, as well as still spending time in his general practice (Landing Animal Clinic). He completed his board certification by the American Board of Veterinary Practitioners (Canine/Feline Specialty) in 1992, and has recertified this specialty via examination in 2000 and 2010. Danny is a Past President of both the Alberta Veterinary Medical Association and the Canadian Academy of Veterinary Dermatology. He lectures extensively to veterinarians and technicians (at least 150 hours per year in each of the last five years) on topics including pain management, dermatology, cardiology, diagnostic ultrasound and zoonotic disease. In the fall of 2012 Danny became the National Medical Director for Associate Veterinary Clinics, Canada’s largest group veterinary practice. Dr. Joffe is also an adjunct faculty member at the University of Calgary Faculty of Veterinary Medicine.

Zoetis is extremely excited to have Dr Danny Joffe present on Simplified Dermatology for the General Practitioner. Dr Joffe will speak to new and innovative products, such as Apoquel, and how they fit into your daily practice. Please join us for a fun educational evening at The Hotel Saskatchewan in beautiful Downtown Regina. Enjoy a buffet dinner, compliments of Zoetis, then sit back, relax, and learn about exciting and practical methods to approach your next Derm cases!

Registration - Limited Seating Available - Please RSVP by May 10, 2017 to:
